DETAILED ACTION

Claim Objections

1. Applicant is advised that should claim 2 be found allowable, claim 18 will be objected to under 37 CFR 1.75 as being a substantial duplicate thereof. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 5, 8, 13, and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 5, 8, 13, and 16,

It is not clear what is meant by the word "related". Specifically, for claims 5 and 13, how are the TCAP transactions related? And for claims 8 and 16, how are the application dialogues related?

Allowable Subject Matter

4. Claims 1-4, 6-7, 9-12, 14-15, 17, 19, and 20 are allowed.
5. Claims 5, 8, 13, and 16 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
 - Miller et al. (US 6,940,866 B1) discloses an edge device and method for interconnecting SS7 signaling points (SPS) using edge device.
